TOURING SULLIVAN COUNTY'S MUSEUM . . . while dusting

As summer comes to an end, we thought we'd share with you one of the many comments we've had with this year's History Quest. It comes from a couple in an adjoining county. They wrote: "As usual, my wife and I have enjoyed our adventure around Sullivan County.

I have hiked and biked and kayaked around so much of Sullivan County that you are now required to license me as an official guide.

"Your History Quest (our 3rd) was so much fun.

"Thank you for all your efforts and allowing us to explore your beautiful county."

This was just one of the responses we've had. There are days when visitors will stop into the museum and we'll spend the afternoon listening to them relay their escapade. And there's no age limit from very young to (dare I say) very old. Because the sights to find are all accessible, no one should be prohibited from finding the answers to the questions. And the people vary from singles to whole families, sometimes spending multiple weekends exploring. We've also had people come back into the museum to obtain the past years History Quests – 2019 was the fourth year.

So, to all of you out there who either have done or will do or will eventually do the Sullivan County History Quests: THANK YOU so very much!

This being the week of the Sullivan County Fair, it is also the close of our official hours of being open at the museum. We will have a booth at the fair from Thurs. to Sun. of fair week in the Fiester Building. Should you need to visit or do research at the museum, we somewhat haphazardly keep a schedule of Tuesdays and Thursdays but dependent on weather and personal schedules from Sept. to May. You can phone 570-946-5020 or email museum@scpahistory.com for an appointment. Also, check out our website at www.scpahistory.com and please like us on Facebook. Otherwise, we're located behind the Courthouse in Laporte, if you see the open sign in the window you're welcome to come in.
